

My KWL Chart

What is my topic?

What I already KNOW	What I WANT to find out?	What I LEARNED
<p>In this column brainstorm all of the things you know about the topic. If you are sure about the information put an F for FACT next to it. If you THINK it is true but you are not sure then put a M for MAYBE next to it.</p>	<p>Use one or more of the Question frameworks to formulate your questions? These will form the basis of your research</p>	<p>Make list here of all the NEW facts you found about your topic as a result of your research. Use **** to indicate which information you found to be most interesting. Use a scale from * - *****.</p>
