Which Graphic Organiser?

Which graphic organiser would you use in the following situations. Choose form the following then draw a sketch of what it looks like.

Timeline	Hierarchy	Semantic Grid	Venn Diagram
3 T-Chart	Spider Diagram	Flow Chart	Y Chart

Description	Name	Sketch
When you have to compare two ideas and find the *similarities and differences*		
When you have to explain the *step-by-step process* for making a car.		
When you have to *describe keys events* that happened in World War II		
When you have to describe what something *looks like, sounds like, and feels like.*		
When you have to compare the same features of multiple items (e.g. inventions)		
When you have to show the *sub-categories of a topic and then the sub-topics of the sub-topics*		
When you have to jot down *three different types of information* about a topic		
When you have to show how you brainstorm a topic by 'exploding' your ideas.
